CLINICAL EXPERIENCE

Assessor and Clinician, PANTHERS Project

August 2022 – Present

Center for Children and Families, Florida International University

Supervisor: Daniel M. Bagner, PhD, ABPP

Provide evidence-based treatment for externalizing behavior problems in infants. Treatment includes weekly sessions via tele-health for infants ages 12 to 18-months-old. Additionally, provide clinical feedback to families regarding their child's overall behavior and development. Participate in weekly supervision focused on advanced issues in parenting-based treatments, parent-training methods, and innovations in tele-health formats for the delivery of care.

Assessor and Clinician, Coping Power Program October 2023-December 2023
Center for Children and Families Florida International University

Supervisor: Katie C. Hart, PhD

Delivered a group-based, evidence-based, CBT-based intervention program for children ages 8-10 with various externalizing behavior problems and their caregivers.

Assessor and Clinician, Embrace Program
Department of Psychology Florida International University

Supervisor: Erica D. Musser, PhD

Conducted a comprehensive assessment with a young adult and their caregiver to assess eligibility for the FIU Embrace Program. Administered and scored a battery of psychological assessments (K-SADS, WIAT-III, WJ-IV, Vineland) to determine the student's qualification for enrollment in the program.

OTHER CLINICALLY RELEVANT EXPERIENCE
